

Safety Responsibilities for NERC Staff (Duration 3 hours)

Who should attend

This mandatory course is intended for those NERC staff who have not been nominated for Safety for Directors in a Research Environment or Safety Management in a Research Environment and who will NOT be attending RISK MANAGEMENT IN NERC (Nominations via relevant line management).

OR

Safety Responsibilities for NERC Staff – E-learning course (duration approximately 45 minutes)

Who should attend

This mandatory course is intended for those NERC staff who have not been nominated for Safety for Directors in a Research Environment or Safety Management in a Research Environment but who have been nominated for Risk Management in NERC (Nominations via relevant line management). This course must be completed before attending the RISK MANAGEMENT IN NERC course..

Aims

- To advise NERC Staff on their legal responsibilities relating to Health and Safety and how the Safety Management System operates in NERC.

Objectives

On completion of the course, delegates will be able

- To identify Health and Safety Legislation and its relevance to NERC staff
- To identify the relevant elements of the NERC Safety Management System
