These success rates statistics are based on decisions made during financial year 2006/07; the applications may have been submitted in the previous financial year. Proposals to all responsive and knowledge transfer schemes are included as well as research grant applications to directed programmes. The data includes split proposals - ie each distinct element of a proposal is attributed to the appropriate institution. Further information about our funding schemes and split awards can be found at www.nerc.ac.uk/funding/forms/.
